

## FIRE HYDRANT METERS USED FOR OIL &/OR GAS WELL DEVELOPMENT WATER

**Well Development Water:** Water used for the development of oil and/or gas wells encompassing related activities including, but not limited to, drilling oil and gas wells, and hydraulic fracturing of oil and gas wells. Well Development Water shall also include the water that is used in the formulation of products, compounds, or admixtures that may be used in the development of oil and/or gas wells and activities related thereto. Such products, compounds, or other admixtures, after formulation, shall be considered Well Development Water.

**Water Hauler:** A business, entity, or individual that hauls water to well drilling sites in trucks. This also includes a business, entity, or individual that hauls water or water recovered from a hydraulic fracturing process at one well site to another well site to be used as Well Development Water.

### TO BE COMPLETED BY WATER HAULER (one form required per Well site):

Date: \_\_\_\_\_

Name of Water Hauler: \_\_\_\_\_

Billing Address of Water Hauler: \_\_\_\_\_

\_\_\_\_\_

Daytime telephone number of Water Hauler: \_\_\_\_\_

Location of hydrant: \_\_\_\_\_

Location of Well: Longitude: N \_\_\_\_\_ Latitude: W \_\_\_\_\_

American Petroleum Institute (API): \_\_\_\_\_

**\*\*\*Left Hand Water District policies expressly prohibit the use of Well Development Water\*\*\*  
\*\*\*outside of the boundaries of the Northern Colorado Water Conservancy District.\*\*\***

I (we) have read the information provided with this request and understand all policies and all charges which may be assessed, and certify and attest that all information is true and correct. I (we) also acknowledge receipt and understanding of the Northern Water regulations regarding Well Development Water.

Date \_\_\_\_\_

Signature of user \_\_\_\_\_

### TO BE COMPLETED BY THE DISTRICT:

Is Well within Northern Colorado Water Conservancy District or Subdistrict:    Yes    No

The location of the well was verified by \_\_\_\_\_ via
