

Left Hand Water District

This year Left Hand Water District will be replacing more than three miles of pipeline across the District. These replacements help to improve water quality, system resilience, and provide our customers with reliable service.

LHWD 2023 Main Replacement Program

63rd Street Waterline Replacement:

The new 4-inch waterline will be installed from the intersection of Niwot Road and N 63rd Street to approximately 1,300 feet South of the intersection of Monarch Road and N 63rd Street.

Construction is expected to begin in late July and last through August.

65th Street Waterline Replacement:

The new 8-inch waterline will be installed from the intersection of St. Vrain Road and N 65th Street to approximately 1,300 feet North of the intersection of Nelson Road and N 65th Street.

Construction is expected to begin in late August and last through late December.

East County Line Road Waterline Replacement:

The new 16-inch waterline will be installed from the intersection of Niwot Road and East County Line Road to the intersection of Highway 52 and East County Line Road.

Construction is expected to begin in mid-December and last through mid-February.
