

Left Hand Water District

This year Left Hand Water District will be replacing the existing waterline in Plateau Rd. This replacement will help to improve water quality, system resilience, and provide our customers with more reliable service.

2024 Plateau Road Waterline Replacement

The new 8-inch waterline will be installed from the intersection of Plateau Road and N 95th Street to the intersection of Plateau Rd and Turquoise Drive.

Construction is expected to begin in July and last through December.
